

How can we get more green space in West End? We need your ideas!

Hampstead Common?

Hampstead Road could stay two-way, maintain parallel parking and driveway access and still take up less than 60% of its current footprint!

Imagine if Hampstead Road meandered its way down the hill in a way which allowed parklands, trees and open spaces to also be created.

Hampstead "Common" could be created out of the left-over bits, as is commonly done in other towns where too much asphalt or concrete has been laid (Cleveland and Bundaberg main streets are two examples).

Highgate Hill and West End are likely to triple in population in the next ten years but there is no more room for new open spaces to suit. How can we create more green space to cater for the growing population?

WECA wants to green up West End and we have an idea to pitch to you! Come to an ideas workshop at The Gazebo/Lookout at Highgate Hill Park, Cnr. Hampstead Rd and Dornoch Tce, West End, on Sunday 5th April, 2-4pm.

Fact:

"We can create an extra 4,770m² of green space while maintaining the same level of service on the street. That's about 30 volleyball courts or 12 new backyards."

West End Community Association

Fact:

"We can retain Hampstead Road and double the amount of green space!"

Fact:

"New total of green space = 10,355m2 (that's about a hectare)."
